 by Sharon Conde*

After the weather cancelation in January, we finally had our After Holiday. Fifty-two members attended the party. President, Tom Hubbert began his remarks after dinner with a presentation to Sam Denault in recognition and thanks for his 12 years of service as our past president. Next, Jeff Clevenger was presented with the 2024 Member of the Year award for all his efforts with organizing and running the club swap meet booth and his help and participation in all the other club events.

Tom recapped Autorama with congrats to Dan Jacobs & Mark Peterson for 1st place awards, Vince Dumas for 2nd place award, Larry Dyer & Len Woodruff for 3rd place awards and a class award to Shane Morris.

*PARTY--Continued on page 7*

Dennis Conte gave an update on the Big Bend road trip, Thursday, May 15 thru Sunday, May 18. Our base location will be the Hampton Inn in Alpine, TX. Dennis will have more info at the April meeting. There are 29 cars and 54 people signed up.

Then Larry Dyer presented his own fun awards to various members recapping club events. First he presented Kevin Shedden and Dan Jacobs, with Harbor Freight sales sheets. These unsung heroes of our monthly raffle not only hand out the prizes, but they go out and buy the prizes every month... usually at Harbor Freight.

In absentia Denise Eckhart was presented with a book with the latest info from 1984, including a chapter on newly released software, LOTUS 123. The book was likely used by Larry and John Zachary, when they began planning the website years earlier. They never envisioned it to be so professional looking. Denise is another unsung hero who keeps our website running smoothly and distributes various emails to members.

On the second day of the Pate Swap Meet there was heavy rain and high winds that destroyed one of the pop-ups in the club booth. The crew huddled under the remains of the other pop-up and tried to stay as dry as possible. Larry presented Jim Pagana, Dennis Conte, Fred Hager and Jeff Clevenger with their very own rain ponchos.

Dennis Conte, Jeff Clevenger and Jim Pagana accepting their ponchos.

The Corvette Caravan to the Museum and beyond presented some challenges. Bob & Millie VanGuilder had a big problem, a flat tire in Missouri that caused them to be separated from the group as it was repaired. Bob VanGuilder was awarded his own tire repair kit. Kerry Smith had some issues with his car after a fast food stop. Kerry thought if he could re-boot the car's computer, it would reset and be okay. But Kerry had no tools. Thankfully a customer inside the Wendy's had the #10 wrench needed, or Kerry and Jan might still be in Kentucky. Larry presented Kerry with his own #10 wrench.

Larry and Bill Tichy planned the Legends caravan and many other club trips. Bill always plans well for the trips, but he's more old school and doesn't have a lot of faith in GPS. So Larry presented Bill with his own compass and folding road map.

Behind every great man is a greater woman. That would be Nadine Tichy. When Bill invites the trip partici-

pants to his home to discuss plans and get feedback, Nadine is always ready with homemade snacks and great hospitality. She was presented with the best hostess apron.

The post-Caravan route was to eventually end at the Henry Ford museum in Detroit. Several things happened: injuries, sites closed for renovation, car issues... so only Greg and Judy Bailey made it all the way to the Ford museum. They were given the 2024 Caravan & Beyond Long Haul award.

Bill Tichy, & Larry Dyer giving the Long-Haul Award to Judy Bailey

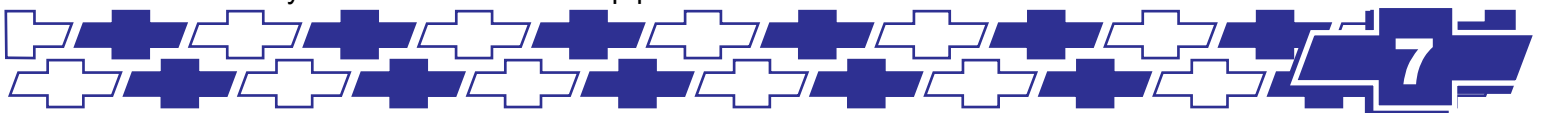

Finally, Larry asked Sam & Linda Denault to stand. Larry didn't have any award for them but wanted to publicly thank Sam, and Linda as well, for all their years on the job.

Our evening continued with a fun casino night presented by the Dalmatian Rescue of North Texas. We all enjoyed playing blackjack, roulette and craps. Each person received a \$2,500 chip to start as our funny money. Mike Kmita was our top gambler with \$10,000. Barbara Veirs was our second place winner with \$8,000 and Kathleen Pagana took third place with \$7,100.

It was an very enjoyable evening for all, thanks to Cathy Hubbert, Sharon Conde and Debbie Garrison who handled all the arrangements... including rescheduling it from January to March!

The McLeods, Yanniellos and Viers take playing Blackjack seriously!!!

Answer from page 2

## I am a 1962 Corvette

What detail defines the 1962? All the above.

1. The rear Corvette medallion found on Corvettes from 1958 has a black backing in 1962, instead of the customary white or brushed aluminum. The gas filler cap replaces it in 1963.
2. 1962 is the last year of the solid axle – and the year the 327 cu.in. V-8 was introduced. It offered 230, 245, 270 carbureted and 275 and 315 hp F.I. versions.
3. The customary shark tooth front grill (13 tooth in 53 thru 57 and 11 tooth in 58 thru 60) was replaced by a mesh front grill in 1961 & 1962. Unlike the 61 which was bright finish, the 62 is black anodized.
4. The 62 crossed flag emblem with the red, white and blue bar is unique to 62.
5. The three side spears in the accent cove are replaced by an 18-fin gill. The cove of the 62 is the body color. The two tone paint was no longer an option.
6. 1962 was the first year a rocker panel trim was offered. It complemented the cove trim. Even though the side cove was eliminated after 1962, the rocker molding continued (in different forms) through 1983.

Born on April 22, 1949, in Dexter, Maine, to Gerald and Anna Hall, Erika's early years were shaped by a life of travel due to her father's service in the Air Force. She graduated from Sherman High School in 1967, where she was proudly named the FFA Sweetheart.
