Dan Jacobs' 1972 Convertible has been under construction ever since he joined Legends. There's been a break in progress lately because Dan's been very busy at his job at St Phillip the Apostle Catholic Church getting the old church ready to sell, moving and/or selling its contents and opening the new church in Flower Mound. In April Dan, Vince Dumas, Bill Preston and Gary Williams spent the day with Chuck Endicott at his garage in Waxahachie fitting and gluing on the rear quarter panel. They'll go again before this newsletter comes out to do more work on getting it done.

# Corvette Legends of Texas General Meeting Minutes

**April 9, 2022, Prairie House, Lewisville**

The Members of Corvette Legends were called to order by president, Sam Deneault, at 12:30 pm. The minutes of the previous meeting were approved. Attendance was 68.

**Guests:** Phil & Laura Voigt

**Lady Legends Winner:** Janie Humphrey

**50/50 Pot Winner:** Jerry Echols (\$78)

Diane Preston has identified several reasons it is taking longer to receive the Newsletter. Remember it is not going as first class mail. She is also working on publication of a new Member Directory. Please review your personal information in the current directory and give her all updates.

In lieu of the member drawings, Len Woodruff introduced new member Rob Stewart who is retired Field Engineer for both General Motors and Honda. He gave interesting insights into the training he received at GM. Since many Corvette owners have experienced warranty issues, he addressed how, when, and for how long owners can pursue repairs under warranty.

The next General Meeting will be May 14 at Sneaky Pete's in Lewisville. The June 11 meeting will be at Hula Hut in Little Elm.

The next display event on the agenda will be one day during the Texas State Fair Sep. 30-Oct. 23. Per Tom Hubbert it is too early to get any information on exact date.

The April 2 Dinner Cruise to Sweet Boy's Diner in Bowie was enjoyed by 22 members/11 Corvettes. Al Lisbona's offer to set up a repeat cruise to the Dove Ridge Winery was met with immediate enthusiasm; June possibility. Great to have members volunteer to arrange dinner cruises!

Bill Tichy gave an update on the weekend trip to Palo Duro Canyon July 8-10. Response has been greater than expected. Over 20 couples have signed up already, which exceeds the hotel room reservation block he had requested. He urged everyone to contact the hotel quickly to make their reservation since this is prime time for tourism. Those planning on participating were requested to meet with him after the meeting for further discussion.

Denise Iverson has sent out regular e-mails concerning club activities – watch for them! Let her know if you're not getting any emails from her.

The National NCRS Convention will be July 23-29 in Mobile, Alabama; Texas Regional will be Oct. 20-22 in Frisco.

Next Swap Meet is Pate April 28-30. Check the Newsletter for more information on car shows. There are many of interest within reasonable driving range.

Meeting Adjourned at 1:10 pm.

# PALO DURO CANYON TRIP JULY 8-10

*May Update*

The Palo Duro Canyon trip roster grew to 50+ at the April meeting. In addition the trip meeting, after the regular CLoT meeting, produced a variety of ideas and suggestions as well as some volunteers to help address the planning issues. Thank you all! That said, it's not too late to join the trip by contacting Bill Tichy at (972) 650-8007 or btichy@gte.net.

At this time Larry Dyer continues to collect info about the various activities that are available on Saturday before the play. Once that info is available we will be better able to determine if, and how, some of those activities can be organized, or if they are better handled individually. Ideally that info will be available for discussion at

our May 14th club meeting. This includes the Lubbock option. An updated version of Trip Planning Info will be provided no later than early July.

**By now all participants should have made Amarillo hotel reservations for the nights of July 8 & 9 at the Ashmore Inn & Suites (806) 374-0033 cost \$99 + tax.** In addition all participants should have received an emailed Palo Duro Canyon Ticket Order/ Invoice form (shown below) to attach to their check for group activities. Participant checks need to be received by the Club by mid-May so that we can satisfy the terms of our group agreements.

# The Trip to Bowie to see the World's Largest Bowie Knife

Dennis Conte planned a great cruise west on almost empty two-lane highways to Bowie, Texas for Legends members on Saturday, April 2. We met at Cracker Barrel north of Denton. Bruce & Faye Jarrett met us there to say "Hi!" and went on to other activities. Eleven Corvettes enjoyed the drive out to have lunch at Sweet Boy's Diner.

Unfortunately, Dennis got sick on his way home from Aruba a few days earlier and couldn't attend the event with us. Bill & Diane Preston took over the leader position and managed to get the group to Bowie without incident.

The crew at Sweet Boy's was ready for the 22 of us with a table all set up. Jan & Larry Dyer had driven directly to Bowie from their home in the hinterlands and were waiting for us. Also attending were: Kurtis & Sandy Allen, Bill & Diane Foote, Len & Beth Woodruff, Carl Johanson & Rich Baker, Craig & Sharon Conde, Rick & Kathy Maybury, Sam & Linda Deneault, Ken Weller & Diane Gibson, and John & Carole Arakelian.

Getting ready to order from the menu at Sweet Boy's.

Sam & Linda Deneault and Len & Beth Woodruff among the red Corvettes.

Rich Baker and Craig Conde look on as Carl struggles to put up the top.

Bill Foote and Bill Preston as we arrive in Bowie.

A great menu at Sweet Boy's. Meals come with dessert!!!

## 2023 C8 Production Start Date Pushed Back A Week

Due to the Corvette plant shutdown in April, it looks like Chevy is going to have to keep making the 2022 C8's for a week longer than previously planned.

The 2023 C8 is now scheduled to start production on Monday, May 16th. This production start will not include the Z06, as the ability for the dealers to even put in an order is not scheduled until late spring. There is no word on when the Z06 will enter production.

According to Keith over at Corvette Blogger, there will be constraints on some of the options when the 2023 production starts: The manual limited-slip differential is constrained but the electronic limited-slip differential is available. The result is that those wanting Z51 with Mag-Ride will get their cars faster.

Another constraint is the ZZ3 Engine Appearance and Lighting Package, which has also been on the constraint list since January after the original vendor closed its carbon fiber business.

On the plus side, the 70th Anniversary Packages will be readily available as will the dealer-installed LPO 5ZZ High Wing Spoiler.

The Rear Park Assist hasn't been available since the end of January but will start reappearing on the 2022 Stingrays being built beginning the week of April 11th. For those who had their cars built without rear park assist, you will most likely hear from Chevrolet sometime in the 4th quarter about a free retrofit of the park assist module.
