CORVETTE LEGENDS OF TEXAS GENERAL MEETING

February 11, 2023

BJ's Brewhouse & Restaurant, Addison

photos by Sharon Conde & Denise Iverson

The Members of Corvette Legends were called to order by President, Sam Deneault, at 12:08 pm. There were no minutes of the previous meeting for approval, since we had After Holiday Party last month. Attendance was 53.

Guests: Mark and Kerri Peterson with their '72 C3

New Members: Shane Morris with his '60 black Fuelie

Lady Legends Winner: Pam Neubauer

50/50 Pot Winner: (\$56) Pat Cople

As the first order of business, Sam presented Larry Dyer with the Member of the Year Award. Due to some miscommunication, it was late arriving for the After Holiday party.

Bill Tichy had some interesting questions for members about 1994, then 'striped' to model his original 1994 Corvette Caravan and National Corvette Museum t-shirt. He was leading into the upcoming 30th anniversary caravan to the 2024 National Corvette Museum Labor Day anniversary weekend event. Dates for the caravan and the museum event are August 29 thru September 2, 2024. Caravans in the past are combined with roads trips after the museum weekend so he was 'planting the seed' for members to start thinking of participation.

Sam reported on the many positive comments he received about the After Holiday party. Everyone attending enjoyed the dinner and the entertainment was a big hit. However, the party resulted in a larger than expected deficit. While the fee charged has never covered the cost of the party, with higher expenses for everything these days, the difference was more this year. When asked for a show of hands, many stated they would be okay paying \$50 per person next year, some stated they would be good with \$60 per person. Other possibilities or options can be looked into as well. A question of raising the annual membership dues from \$35 to \$40 was asked and approved by the members. It will be effective March 1, 2023.

Dennis Conte explained there is sometimes a lag between when member dues are received and reflected on the mailing labels. If you notice more than a two month difference, please contact Dennis.

Our March 11 meeting will be at Matt's Rancho Martinez in Allen. It will be a beef and chicken fajita bar with all the trimmings. Please remember to make reservations via the website by March 8. The website will return a confirmation after making your reservation. If you need to change or cancel, please contact Denise Iverson. We'll also have a guest speaker: Adren Savitch on auto glass.

April 8 meeting will be at Prairie House in Lewisville. Guest Speaker will be from Detail Garage in Prosper.

Denise Iverson commented that someone has contacted her about a low mileage 2003 50th anniversary convertible available for sale. If anyone has interest or knows

Al & Barb Macdonald, Suzanne Roberts and John Heimsath

BJ's parking lot full of every Corvette model.

someone who does, please contact Denise.

All members are welcome to join the Solid Axle Corvette Club on March 4 for a cruise to Talihina, OK. Starting point will be at the IHOP at Hwy 75 & 380 in McKinney at 8AM. Lunch will be at Pam's Hateful Hussy Café. After lunch cruising will continue on the scenic Talamena Drive.

Info for the out of town trip to Fredricksburg has been sent to members via email. The trip will be November 3-5, with rooms blocked for Corvette Legends of Texas club at the Hanger Hotel. Members are asked to contact the hotel for reservations using confirmation number G491. More info to follow as Bill Foote and Jeff Clevenger continue planning.

The Pate Swap Meet will be at Texas Motor Speedway April 27-29.

The NCRS National Convention will be July 23-27, 2023 in French Lick, IN.

Members voted on the proposed changes to the club By-Laws by a show of hands. The majority were in favor but there were two no votes due to the term limit change. A short discussion followed but the changes were approved. The new By-Laws, including a cover page and index will be posted to our website soon.

The meeting was adjourned at 12:41 pm.

The Horton Classic Car Museum has permanently closed its doors to the public, museum officials announced Monday, February 20, on Facebook. Museum officials said the closure comes after the owner, Pete Horton, passed away.

The museum's last day of business was Wednesday, February 22. Mecum Auctions started moving the cars out that day. Video available at https://www.youtube.com/watch?v=llpvhyUq2EA&ab_channel=KEITHVAUGHN%27sFlyingCircus.

The Nocona Chamber of Commerce honored the late Pete Horton during their annual Mardi Gras celebration. He was someone they said made Nocona known for it's classic car museum. Horton passed away last year, but residents said he uplifted the city in many ways. Nocona was Horton's "happy" place, and that seeing others' happiness was one of his greatest pleasures in life.

News for C6 Owners

Hello fellow C6 owners! Just a heads up that Jim Mero, the Corvette Ride and Handling Engineer behind the development of the Magnetic Ride on the C6 and C7, is going to be in the DFW Metroplex on Friday, April 7. He has developed a major upgrade to the MR performance which can be downloaded through the OBD2 port. Testimonials report better control, smoother ride in both Tour and Sport modes.

Go to jimmero.com for additional info and to register for the upgrade, if desired.

This applies to 2009-2013 C6's with Magnetic Ride Control only! Cost is \$450.00

GO BEHIND THE SCENES AT THE CORVETTE ASSEMBLY PLANT WITH SAVAGE GEESE

Here's the high-quality documentary-style video we've been waiting for. Savage Geese takes a deep dive into the making of the C8 Corvette at the Bowling Green Assembly Plant. The video clocks in at over 40 minutes long and it's one of the most detailed looks into the operations at the plant you can see without actually being there. https://www.youtube.com/watch?v=Z2ag9b8BWzI&ab_channel=savagegeese

Jack from Savage Geese bought a new 2023 Corvette Z06 and had the opportunity to follow the car down the assembly line. Along the way, he talks with many of the people who assemble the Corvette. We get their perspective on what it's like to build America's Favorite Sports Car, and what it means to them personally to be part of the Corvette family.
